To Whom It May Concern:

**Recommendation for PHAM DO MINH QUANG from Infocomm Technology Cluster, Singapore Institute of Technology (SIT)**

It is my great pleasure to recommend Mr PHAM DO MINH QUANG as a candidate for a position with your organization. I have known Quang for over a year now since his IWSP and Design project stint with SIT in which he took up an applied research project directly under my supervision on Blockchain and AI. He was able to pick up the technology within a short period and able to implement the blockchain framework with solidity smart contracts and test with an AI model.

He is a proactive and enthusiastic student who equips himself with hand-on skills on state-of-the-art technologies. To my opinion, Quang is an open-minded person with an eagerness to broaden his horizon and owns responsibility in every task. Please feel free to contact me if you need any additional information at [Purnima.mohan@singaporetech.edu.sg](mailto:Purnima.mohan@singaporetech.edu.sg).

Sincerely,

*M. Purnima*
